

Dome Color Megapixel IP Camera

6565

Channel Vision's 6565 Vandal Proof IP Dome camera offers superior image quality with a 2 megapixel CMOS sensor and has the ability to capture images up to 1080p (1920 x 1080 pixels). With H.264 compression, less bandwidth and storage space are used, while delivering full resolution at max frame rate with faster speeds over the internet. The 6565 also features event triggered SD card recording, as well as 18 IR LED for a viewing distance of 50 feet in total darkness. Monitoring can be done anywhere an internet connection is available.
